

Spectrophotometer

Product Details

Product Specification

Wavelength Accuracy	+/-3 nm
Frequency	50 Hz
Measurement Range	0-199.0%T
Measuring optical Path	100 mm
Photometric accuracy	+/-1.0%T
Spectral Bandwidth	5 nm
Voltage	240 V

Product Description

The proven technology you have come to expect from Apex Technology just got better. Built with the future of water analysis in mind, the DR3900 Spectrophotometer will give consistently accurate results in a simpler testing format.

- Simple Preparation
- Fast execution
- Comprehensive Documentation
